

NordPac, the joint conference by IMAPS Nordic and IEEE EPS Nordic

IMAPS Nordic 2022 Conference on Microelectronics Packaging

In technical co-sponsorship with IEEE EPS

12th – 14th June 2022, Chalmers University of Technology, Gothenburg, Sweden

CALL FOR EXHIBITORS

It is our pleasure to announce that the IMAPS Nordic & IEEE EPS Nordic 2022 Conference on Microelectronics Packaging (NordPac) will be held **on-site** between the **12th and the 14th of June 2022 at Chalmers University of Technology, Gothenburg, Sweden**. This is the fourth time that IMAPS Nordic Chapter and IEEE EPS Nordic Chapter jointly organise this event. The NordPac conference is a strong platform that brings together academics, as well as industry leaders, to discuss and debate state-of-the-art and future trends in microelectronics components, packaging, integration, and manufacturing technologies at the Nordic, European and international scale. NordPac provides a perfect opportunity to hear the latest news and developments in the field.

- We will offer **table-top** style exhibits. You will have one draped table, two chairs, 230V power supply. You will be able to choose between single- or double- table¹ setting with dimensions that correspond to (150 cm x 50 cm) or (300 cm x 50 cm), respectively. You are welcome to bring roll-ups and posters. We will supply walls for your posters. **Price: €850 / single table, €1500/ double table, early bird. Add €100 if paid after 1st May.**
- Each exhibitor will be offered **one free** conference seat included in the price per “table”. Double table = 2 seats. The conference fee **includes proceedings, lunch, and dinner**. The persons utilizing this offer must register to the conference.
- Your exhibitor PR-info will be presented in the conference program. In the opening session on Monday the 13th of June, all exhibitors may present themselves and their products.

¹ Double tables are available for two participants.

Date: Jun 12-24, 2022

NordPac, the joint conference by IMAPS Nordic and IEEE EPS Nordic

This is the best opportunity for you to reach the microelectronics, packaging and SMT manufacturers and users in the Nordic area. The exhibition will be located in the corridor of the 4th floor of the MC2 building that gives access to all the divisions within the department of Microtechnology and Nanoscience (Another chance to meet more people from the field!). Coffee breaks will take place in the exhibition area.

REGISTRATION

To sign up and register, please follow the link on Conftool
