

**NordPac**  
**IMAPS Nordic Microelectronics Packaging Conference and Exhibition**  
**11<sup>th</sup> – 13<sup>th</sup> June 2024, Tampere, Finland**

## Exhibitor opportunities at NordPac 2024

It is our pleasure to announce Exhibitor opportunities for IMAPS Nordic Microelectronics Packaging Conference and Exhibition, NordPac 2024. The event is held on 11<sup>th</sup> – 13<sup>th</sup> June in Tampere, Finland. This is the 60<sup>th</sup> event organised by IMAPS Nordic, and we hope you will celebrate the milestone with us.

The NordPac conference is a strong platform that brings together academics, as well as industry leaders, to discuss and debate state-of-the-art and future trends in the areas of **microelectronics, packaging, integration, reliability testing, PCB design, assembly and manufacturing of electronics, optics, electronics in health tech, materials, Artificial Intelligence (AI), and Internet of Things (IoT) in electronics.**

NordPac offers a combination of interesting keynotes and technical sessions with the latest news in the field and an interactive exhibition. The exhibition enables direct onsite interaction between participants. The welcoming reception, coffee breaks and the conference dinner are great platforms for networking with your academic and industry colleagues. We have received positive feedback on creating open and warm atmosphere in our events.

Exhibitor type	Price	Includes
